Thornton, CO | 720-472-8094 | ali.haziq@outlook.com | www.linkedin.com/in/haziq1stbond

EXECUTIVE SUMMARY

Builder driven by the ability to study real-world problems, identify gaps in existing systems, and use data to shape practical solutions. Brings strategic thinking and adaptability to help teams solve problems effectively while working toward scalable, long-term solutions.

EDUCATION

Bachelor of Science in Information Science 2021 - 2026
University of Colorado Boulder

Relevant Coursework: User-Centered Design, Web App Design and Development, Information Exploration, Data-Centered Systems

PROFESSIONAL EXPERIENCE

New Hire Trainer / Gate Agent Aug 2024 - Aug 2025
Frontier Airlines

- Trained and mentored new hires through a two-week onboarding program while serving as a resource for passenger questions, gate procedures, and daily administrative tasks.
- Managed gate operations by verifying seating, checking baggage for aircraft weight balance, confirming boarded passengers were seated, and preventing unsafe boarding.

Licensed Health Insurance Broker Aug 2025 - Present
Health Plan Helpers

- Advised 200 clients on health insurance options by explaining plan differences and supporting enrollment decisions across 4 insurance carriers.
- Strengthened communication, product knowledge, and problem-solving skills in a detail-oriented, customer-facing role.

DEVELOPMENT PROJECTS

Discover Stage
Senior Capstone

- Developed an app concept that connects fans with niche artists performing in their college town.
- Tested 15 users, analyzed feedback, and applied insights to help code the app alongside a team of 3 peers.

Student Quest
Software Engineering

- Designed the concept for a student hub centered on social, service, and academic needs by collecting and analyzing feedback from 20 students.
- Oversaw development for a 5-person team and built the front end while coordinating with a teammate responsible for the back end.
